Information Required on Consultants

1. The three candidates for consultant positions, which we have recommended, have been tentatively approved as a result of security indices checks which have been made. The following information is needed for each one to be written individually in order that a specific recommendation for contracting with the consultants may be made to the Director of this Agency.

a. A detailed statement on how they will be used giving specific projects, programs to which their services will be plotted.

b. An estimate of the number of days per month that they will be used.

c. A statement saying that the rate of pay will be \$50.00 per day plus per diem and travel.

d. A statement covering the necessity of having consultants in the fields, emphasizing that these consultants have competency in making themselves available in the office and that they will be used to review, advise and suggest programs.

e. The last sentence on each write-up should be "security indices check has been made and approval received".
